## Stock Reduction Sale

Sale Closes  
Saturday  
Nov. 30, 1907

### FOR EIGHT DAYS ONLY!

FIRE is dangerous! My stock is large and my risk is enormous. Under the present circumstances it would be possible for me to lose Thousands of Dollars in one hour's time. I am going to Reduce My Stock. I am going to move the surplus. I am going to do it now, not by cutting the price of every article in stock, but by offering you Real Bargains throughout the entire stock. Bargains Beyond the Reach of Competition. Bargains that will tempt you to buy. Why pay to go per cent more for no better goods?

### ONE PRICE TO ALL

## H. B. COLE,

## LUTESVILLE, MISSOURI.

And now the Globe-Democrat is worrying itself into premature old age about Mr. Bryan's running mate. Poor old paper! the democrats do give it a lot of trouble.

Tarr's home-coming stunt will be pulled off with all the eclat agreed upon by his boomers before he left the United States. He is now practicing upon the speech Roovevelt sent him and will read it at Madison Square garden with all the expression his squeaky voice will permit. And the cuckoos will cack and the rough riders will rough. And all this in the United States in the twentieth century!

Through the politeness of Orville Harry Brown, M. D., physician in chief, we are in receipt of a descriptive circular which sets forth the many attractions and advantages of the Missouri State sanatorium for incipient pulmonary tuberculosis, at Mount Vernon, in southwest Missouri, on a branch of the Frisco railroad. Located in the Ozarks, perhaps the most healthful section in the United States, this sanatorium will no doubt relieve thousands of incipient cases of the great white plague that is making such fearful inroads among the young men and women of Missouri. Dr. Brown will promptly respond to all communications.

H. J. Waters, dean of the State College of agriculture, at Columbia, Mo., says: "If I were called upon to advise a young farmer as to what was the best thing for him to do from a business standpoint, I should say: Come to the college and take the four-year course in agriculture and fit yourself for the highest possible position in your chosen profession. If you can, make this true."

out of the question I should advise him just as strongly to come and take the eight-week short course which seemed best adapted to his requirements. So firmly am I convinced of the wisdom of this move that I would even advise him to turn the farm over to the hired man for that short time if it were absolutely necessary."

#### Our Correspondents.

##### Drunk Branch.

We are having some lovely fall weather now. Charles Tate of this neighborhood visited near Laffin Saturday and Sunday. Mrs. Mary Masters has been on the puny list a few days. Mr. and Mrs. B. F. Tate and baby Edgar visited at N. W. Huffman's last Sunday. W. H. Cobb has been employed with Edgar Bair. John Newell of near Glen Allen visited his grandfather, Jacob Masters, recently. Arthur Tate visited at the home of his sister, Mrs. Charles Bazzell, in Marble Hill last Saturday and Sunday. Mrs. N. W. Huffman has been having a round with toothache. Edgar Bair and Wheeler Mitchell of near Marble Hill visited in this vicinity last Sunday. The Cooks.

##### Panther Creek.

After a fine rain we are having pretty weather. Quite a number of cases of chicken pox are reported in this community. Mr. Lawrence and family of Perryville visited Mr. and Mrs. A. F. Slinkard last Saturday and Sunday. J. F. Ortiz butchered some fine hogs last week. Eli F. Hahn is getting in his winter wood. D. P. Cole and family visited at W. M. Limbaugh's last Sunday. Most of our farmers are holding their turkey crop for better prices. The Hartle school is getting along finely under the management of Miss Myrtle Limbaugh. A lot of our farmers seem to have real

estate on the brain, judging from the number of deals they have made and are trying to make. George Wallace is preparing to move to the Cape. HERSCHEL.

##### Leopold.

Items from our vicinity have been missing for several weeks, so I thought I would send in a few. Health is good in our vicinity. "Grandpa" Tenholder is improving slowly. John Tenholder, one of our clever merchants, is busy repairing and improving his property—the Dr. Finney place. It is reported that he will move into it before Xmas. John Krussel is back from St. Louis. He returned last Wednesday. John Price visited his parents last week. Born—to Mr. and Mrs. Thomas Vandoren, a girl, the 15th of November. John Wilkins is suffering with a severe cold. Henry Schulte, who was afflicted with rheumatism, is able to be up again. Emnis Clippard, one of our bustling young men, is able to be in the store again. He sprained his ankle in a game of baseball some time ago. FRANK.

##### Castor.

Our farmers have finished gathering corn. Emre Haynes and wife of Grassy visited his parents Saturday and Sunday. Mrs. George Leasley of St. Louis spent last week with her mother, Mrs. Dr. Koch of this place. Rev. Wood preached an interesting sermon to a large audience Sunday. Dave Whitener visited his sister, Mrs. Charles Bollinger moved from this neighborhood to his farm on Shelby creek last week. We were sorry to lose him. A. J. Deal and Miss Emma Haynes of this place were united in marriage Sunday, Nov. 24. Rev. Wood officiating. We wish them a long and happy life. Guy Bousinger returned home from Cape County last week. He has been helping his brother gather corn. Mrs. John Walker of Fredericktown

is visiting her sister, Mrs. Lizzie Rhodes. C. D. Whitener made a trip to Fredericktown Saturday. Quite a number of people from Buchanan and Albright attended church at this place Sunday. J. Fridy made a business trip to Lowndes Monday. Charles Swan and wife are visiting relatives at the Cape. Mrs. D. Whitener is very poorly. AGRICOLA.

##### Hahn.

Health is reasonably good now. W. M. Fee, who has been very sick with pneumonia, is improving rapidly. Messrs. Henry and William Baker of Huxie returned from Mingo last week. They report plenty of rain while on the trip. Walter Key has resigned his position at Gipsy and has employment with the Pioneer Cooperative company at Lutesville. Corn gathering is about over with, Willis Dial being in the lead. Mr. and Mrs. J. A. Key returned home last week from Oran and Fort Smith, where they visited relatives and friends a short time. Henry Shell is our postmaster these days.

F. M. Francis started to Mingo last Sunday night. He expects to get a supply of fish.

Rumor has it that the hard times are about to blow over, as C. M. Johnson has just received an order for two car loads of lumber and expects another order for the same amount in the near future.

It is reported that Marion Corbin, postmaster at Zalma, disappeared one day last week and has not returned. The postoffice inspector is said to have found him something over two hundred dollars short in his accounts, and his bondsmen will probably be called on to put up the shortage.

Willis Dial made a trip to Marble Hill Tuesday and sold some fine hogs. A GABLER.

You can't get a tree to grow and do well by simply sticking it out in a hole in the ground in the pasture. Plant with care! Don't be afraid of having the ground too rich about it. Then don't water at a tree like water and a whole lot of it, too.

Sale Opens Friday, Nov. 29, 1907.

Sale Closes Saturday, Dec. 14, 1907.

## Great Two Weeks' DYNAMITE EXPLOSION SALE!

### Bang! Bang! Look Out! Dynamite!
